Subject Index of Articles*

Counseling and Guidance Concepts

HISTORY OF DEVELOPMENT
- Title V-A influence in Illinois, 791
- An historical perspective of the vocational guidance movement, 854

OBJECTIVES
- The militant counselor, 342
- Counselors stay on the sidelines, 620
- Lest we burn out, 621
- Science, sex, and values, 746

METHODS OF PROCESS
- Guidance: philosophy, principles, and practices via television, 60
- The effective use of manpower resources, 114
- The limits of confidentiality, 252
- Confidentiality interpreted by professional judgment and staff review, 254
- Confidentiality interpreted by established agency policy, 257
- Should clients tell counselors what to do, 456

WORKER
- Relationship between the ability to acquire interviewing skills and authoritarianism and manifest anxiety, 40
- The confessions of a male dean of women, 74
- The role of the counselor: a classroom visitation, 921

RESEARCH NEEDS
- A sociological framework for evaluating guidance education, 285
- Who publishes the significant research?, 818
- The old and the new: theory and research in counseling and psychotherapy, 860

Personality

ORGANIZING CONCEPTS
- Factors in the academic-occupational motivations of eleventh grade under- and over-achievers, 245
- The low probability hypothesis, 670
- The dynamics of deviant achievement, 683
- The relationship of socio-economic status to an objective measure of motivation, 997

COMPONENTS
- A semantic differential study of counselors in an NDEA institute, 260
- Diagnostic consistency and prediction: a note on graduate student skills, 364
- The prediction of personality inventory responses from tape analysis, 368
- Personality factors and the capacity to meet curriculum demands, 767

TRAIT DIMENSIONS
- Evaluating personal characteristics from a client's work history, 56
- The relationship of need hierarchies to inventoried interests, 393
- The self-concept of bright academic underachievers: continued, 401

Adjustment Factors

- Job satisfaction researches of 1962, 136
- Science, sex, and values, 746

Educational Development

EDUCATIONAL CHOICE FACTORS
- Changing plans of high school graduates, 43
- A theory of educational and vocational choice in junior high school, 129
- A taste of college life, 166
- The self-concept of bright academic underachievers: continued, 401
- Reported determinants of educational choice, 564

ACHIEVEMENT BASES—EDUCATIONAL SKILLS
- Factors in the academic-occupational motivations of 11th grade under- and over-achievers, 245
- The relationship of socio-economic status to an objective measure of motivation, 997

ACHIEVEMENT PREDICTION—PRE-COLLEGE
- The effective use of manpower resources, 114
- Value of a vocational aptitude test battery for predicting high school achievement, 280
- A test of Holland's occupational level formulation, 599
- A classification and comparison of techniques used in selecting under- and over-achievers, 874

ACHIEVEMENT PREDICTION—UNDERGRADUATE
- The College Qualification Tests and differential guidance with university freshmen, 47
- Cooperative Plan for Guidance and Admission, 64
- Configural interpretation of the Edwards Personal Preference Schedule and the prediction of academic performance, 264
- SAT validities as two-variable expectancy tables, 269
- Verbal comprehension and academic success in college, 295
- The development of an academic predictor scale based on students' attitudes toward education, 381
- Statewide tests and academic success at the University of New Mexico, 403
- Socio-economic factors in the achievements and aspirations of the Merit Scholar, 581
- Aspects of the high school record related to the first semester college grade-point average, 699
- Personality factors and the capacity to meet curriculum demands, 767
- Attrition among first semester engineering freshmen, 1003

SPECIAL POPULATIONS
- Some observations on the vocational interests of gifted adolescents in an intensive summer academic experience, 15
- Book reviewer replies to Levy, 71
- One school system's thoughts on special education, 170

* The classification system followed in the subject index was adapted from the one developed by the Bibliography Services Committee of the Division of Counseling Psychology, American Psychological Association, Barbara A. Kirk, Chairman.

Correlates of academic success for high-ability freshman men, 603
The dynamics of deviant achievement, 683
Characteristics of working and non-working mothers among intellectually gifted high and low achievers, 776
Characteristics of students of high academic aptitude, 794

Vocational Development

THEORETICAL ASPECTS
Comparison of systems of data for predicting career choice, 29
A theory of educational and vocational choice in junior high school, 129
A measure of level of occupational aspiration, 448
Children's conceptions of occupational prestige, 558
A test of Holland's occupational level formulation, 599
Delayed and impaired vocational development: a neglected aspect of vocational development theory, 885
Changes in readiness for vocational planning from the 8th grade to the 10th grade, 908
Occupational prestige rankings by institutionalized and non-institutionalized retarded students, 981

OCCUPATIONAL CHOICE—ENVIRONMENTAL FACTORS
Changing plans of high school graduates, 43
Socio-economic factors in the achievements and aspirations of the Merit Scholar, 581
Attitudes of college students toward employment among married women, 587
Some correlates of homemaking vs. career preference among college home economics students, 593
Opportunities for Negroes in engineering: a second report, 1019

OCCUPATIONAL CHOICE—PERSONAL FACTORS
Predicting choice of a career in scientific research, 21
Needs and values in three occupations, 238
Further research on vocational interest differences among several types of engineers, 484
Some correlates of homemaking vs. career preference among college home economics students, 593
Personal values and attitudes as determinants of post-high school plans, 754
Factors influencing high school seniors' occupational preference, 976

OCCUPATIONAL SUCCESS PREDICTION
The effective use of manpower resources, 114
Requirements for admission to basic programs of professional nursing, 155
A longitudinal research program for predicting executive success of college students, 160
The relationship of education and earnings, 442
Occupational values and anticipated occupational frustration of agricultural college students, 674

OCCUPATIONAL ADJUSTMENT
Evaluating personal characteristics from a client's work history, 56
Job satisfaction researches of 1962, 136
Medical, social, and rehabilitation factors in the employment of dischargees from tuberculosis hospitals, 494
Correction to Kirk, et al., article, Vol. XLI, p 621
College courses in occupational adjustment, 6
Characteristics associated with rehabilitation cess, 687
Some correlates of job satisfaction among dis workers, 803

Measurement

PSYCHOMETRIC
When is a Z-score a T-score?, 169
Development and application of a work suita scale for epileptics, 373
The development of an academic predictor based on students' attitudes toward educ 381
A measure of level of occupational aspiratio
A culture fair intelligence test for the Ugh and Oo-la-la cultures, 554
Sensitivity: a measurable concept, 572
Development of an occupational interest sc scale for college student personnel, 801

TEST SELECTION AND USE
Using vocabulary as a measure of general ab 153
SAT validities as two-variable expectancy t 269
A review of the STEP Writing Test, 298
The Scholastic Aptitude Tests of the College trance Examination Board, 406
College expectancy tables for high school co lors, 479
Testing the test, 522
What to look for in a review of an achieve test, 616
What I look for in a review of a scholastic tude test or battery, 711
What to look for in a review of a vocational tude test, 815
What to look for in a review of an interes ventory, 925
Group intelligence test scores of gifted chil degree of consistency and factors related to sistency, 991
What to look for in a review of a personalit ventory, 1030
Testing the test critics, 1037

Tests

INTELLIGENCE
Using vocabulary as a measure of general ab 153
Use of WAIS in a student counseling center, 5
The relationship between MMPI and WAIS culinity-femininity scores, 695
Group intelligence test scores of gifted child degree of consistency and factors relate consistency, 991

PROFICIENCY
The use of reading test results in counseling, 2
A review of the STEP Writing Test, 928
The Scholastic Aptitude Tests of the College trance Examination Board, 406
What to look for in a review of an achieve test, 616
Difficulties in the use of achievement test gai measures of growth, 781
Effects of individual counseling on selected scores for delayed readers, 914

EDUCATIONAL APTITUDE
The College Qualification Tests and differential guidance with university freshmen, 47
Making test data useful, 62
College expectancy tables for high school counselors, 479
Socio-economic factors in the achievements and aspirations of the Merit Scholar, 581
What I look for in a review of a scholastic aptitude test or battery, 711
Prediction of SAT scores, 1026

SPECIAL APTITUDE
The TOWER system: vocational evaluation of the severely handicapped for training and placement, 149
Value of a vocational aptitude test battery for predicting high school achievement, 280
Sensitivity: a measurable concept?, 572
What to look for in a review of a vocational aptitude test, 815

INTEREST, ATTITUDES AND VALUES
Some observations on the vocational interests of gifted adolescents in an intensive summer academic experience, 15
Configural interpretation of the Edwards Personal Preference Schedule and the prediction of academic performances, 264
Relationship of interest to aptitude by profiles and by interest areas, 359
The relationship of need hierarchies to inventoried interests, 393
A measure of level of occupational aspiration, 448
Further research on vocational interest differences among several types of engineers, 484
Occupational values and anticipated occupational frustration of agricultural college students, 674
Personal values and attitudes as determinants of post-high school plans, 754
Development of an occupational interest scoring scale for college student personnel, 801
Selected correlates of the Specialization Level Scale of the Strong Vocational Interest Blank, 867
Cross cultural dimensions in expressed moral values, 899
What to look for in a review of an interest inventory, 925

Occupational Information

On looking at private trade and correspondence schools, 72
Research on the teaching of occupations: 1961–1962, 504
Occupational information neglected., 620
College courses in occupational adjustment, 680
Opportunities for Negroes in engineering: a second report, 1019

Individual Counseling

TECHNIQUE
The use of reading test results in counseling, 290
Should clients tell counselors what to do?, 456
The linguistic content variable in school counseling, 577
Counseling adults poses different problems than counseling day students, 622
Effects of individual counseling on selected test scores for delayed readers, 914

Group Counseling

METHODOLOGY
Group counseling: an orientation, 355
Teen-agers with a looking glass, 608
Opportunities for counseling in the high school art department, 610
A project in group counseling in a junior high school, 611
College day—boon or bane, 613
Family life education series: a program for teenagers, 706
Bases of group leadership, 760
The study habits seminar: a statement of viewpoint and method, 1027

Service Programs and Techniques

COMMUNITY
Guidance: a community concern, 70
The Chamber of Commerce as a resource, 71
Counselors stay on the sidelines, 620
An experimental total push program for emotionally disturbed adolescents, 894

COLLEGE AND UNIVERSITY
Guidance: philosophy, principles, and practices via television, 60
Experimental educational advising in men's residence halls, 787
Scholastic probation: motivation or weeding-out?, 811

SCHOOL
Types of problems referred to a central guidance agency at different grade levels, 52
One school system's thoughts on special education, 170
College day—boon or bane, 613
Counseling adults poses different problems than counseling day students, 622
A team approach in guidance, 922

REHABILITATION
Evaluation of rehabilitation counselor performance: a survey of state agency practices, 274
Medical, social, and rehabilitation factors in the employment of dischargees from tuberculosis hospitals, 494
Some correlates of job satisfaction among disabled workers, 803
A decentralized work station program, 1011
Ten agencies report on their internship programs, 1021

Profession

DEVELOPMENT
The calling of Gideon, 10
What price professionalization?, 654
Title V-A influence in Illinois, 791
Counselors need teaching experience, 819
An historical perspective of the vocational guidance movement, 854
Ten years of the PERSONNEL AND GUIDANCE JOURNAL, 958

SPECIALTIES
The elementary counselor as perceived by elementary principals, 348
Group counseling: an orientation, 355
The clinician as a college teacher, 970

STANDARDS AND ETHICS
The limits of confidentiality, 252

Confidentiality interpreted by professional judgment and staff review, 254
Confidentiality interpreted by established agency policy, 257
Counselor responsibility and training, 709

SELECTION
Self-understanding for the guidance counselor, 143
A semantic differential study of counselors in an NDEA institute, 260
Mirror, mirror on the wall . . . a study of preferences for counselors, 459
Preferences for male and female counselors, 463
Counselors need teaching experience, 819

TRAINING SUPERVISION
Evaluation of rehabilitation counselor performances: a survey of state agency practices, 274
Attitude changes in an NDEA institute, 387
Financial aid for guidance and personnel graduate study 1964–1965, 508
Suggested uses of tape recordings in counseling supervision, 704
NDEA institute participants two years later, 987

RELATIONSHIPS
Counselor as disciplinarian, 70
The militant counselor, 342
The new counselor and his professional problems, 473
Lest we burn out, 621
Survey of teachers' opinions of guidance services, 707
Student personnel work and the climate for learning, 904
The parent-student relationship: a challenge to the college, 1024
On first looking into Rickover's homily, 1036

Evaluation

METHODOLOGY
A longitudinal research program for predicting executive success of college students, 160
A note on academic criteria, 168
A sociological framework for evaluating guidance education, 285
Development and application of a work suitability scale for epileptics, 373
Sensitivity: a measurable concept?, 572
Difficulties in the use of achievement test gains as measures of growth, 781
Chi-square not a measure of degree of relationship, 818
A reply to Weitz—"A note on academic criteria," 820

PROGRAMS
Evaluation of first steps in the counseling of superior students, 35
Research on the teaching of occupations, 1961–1962, 504
Effects of individual counseling on selected test scores for delayed readers, 914
Ten agencies report on their internship programs, 1021

PROCESS
Verbal conditioning and counseling research, 660 (Comment, 669)
Counselor behavior and counselee expectatio related to satisfactions with counseling i view, 920

PERSONNEL
Counselor movement as a result of an inte six-week training program in counseling, 12
Evaluation of rehabilitation counselor perf ances: a survey of state agency practices, 27
Attitude changes in an NDEA institute, 387
NDEA institute participants two years later
